

JOIN CAS AND THE LADIES AUXILIARY IN THE FIGHT AGAINST BREAST CANCER

Gary Rosenthal, the renowned sculptor, combines copper, brass & steel with fused glass to create his beautiful sculptures.

You now have the opportunity to help in this wonderful mitzvah by assembling the glass pieces which Mr. Rosenthal will later fuse to his beautiful metal sculptures. We will be provided with kits that simply need to be assembled - NO ARTISTIC ABILITY NEEDED !!!

You will then have the opportunity to purchase the finished sculpture for a discounted price.
