# FROM OUR RABBI

During high school I competed for a year on my school's track team. At times I wasn't sure if I was running towards the finish line or

merely circling the track with no real destination in mind. Life and existing are often thought of as being the same. However, in my mind the two are not synonymous, rather they are polar opposites. So what is the difference?

The difference can be summed up by realizing that we are either, "Running for the life or running away from the Life!" (Bharath Mamidoju) In other words, when we live we are running towards life's experiences, while merely existing and going through our days in order to just survive another day is running away from life."

Let us remember that living life is what God has intended us to do. For as the Prophet, Jeremiah, teaches us, "For I know the plans I have for you," declares the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future." (Jeremiah 29:11) Daily we should reinforce our purposes in life and begin to "live" them instead of merely "existing" within them.

The questions being: "How do we do this? How do we live?" Before we answer that in the positive, we can rule out living our lives by waiting for someone to knock on our doors and tell us how to live. Unfortunately in today's society too many people wait their whole lives looking for opportunity to arrive.

So what should we do instead of waiting? I suggest that we listen to Thomas Edison who once said, "The reason a lot of people do not recognize opportunity is because it usually goes around wearing overalls looking like hard work."

Working hard in our case has a double meaning. On the one hand it means that we need to work hard at our jobs/professions/schools and on the other hand we must work hard on ourselves. Ourselves? Yes. This we can do by working on our attitude and outlook whereby we become happy within our own skin. For once we discover our inner contentment we will then be able to summon up "opportunities" instead of waiting for them to knock on our door.

Now that we know how and what we can't wait for, let us look at how we should embrace life and run towards it. As a history major in my undergraduate studies, I look backwards for an answer to my question of living and find the base of my answer in the words of Marcus Aurelius, the Roman Emperor (161-180 CE) who once said that we should, "Waste no more time arguing what a good man should be. Be one." In other words, the essence of a person and living his life is in his "being." Being present in life and functioning as an upstander instead of a bystander. Living begins with a single choice and that choice is ours alone. Thus as we head out on our summer vacations and embrace our free time let us "be" people of character and life instead of a "debater" of what "good character" should be.

For as the Talmudic Proverb teaches us, "Do not be wise in words-be Wise In deeds." Let me wish everyone a safe and enjoyable summer. I look forward to seeing you in the synagogue and out in the community living life and being an upstander.

B'shalom and Friendship,

Rabbi Andrew Bloom

## FROM OUR EXECUTIVE DIRECTOR

This is the time of year that most of us begin to think about vacations, time away from work, home, or just a change in environment. I had a chance to begin a bit earlier as our grandson turned two in the middle of May. What a nice break, and an opportunity to relax (although the calls and text messages never stop)

and spend time with family. For many years in my professional life, I had been involved with addressing developmental milestones and creating alternative programs to work through or around developmental issues as we assisted many children in achieving success at various levels. This time, I sat back and marveled at how far we have moved in providing educational environments and the technology that leads to increased learning opportunities. The simple cell phone, that years ago existed only for Dick Tracy, is now a miniature computer capable of not just communications, but entertainment and engagement. I continue to be distracted and at the same time encouraged at how far we have moved in the past forty years in creating and developing a vast array of educational possibilities. However, the ubiquitous cell phone that does so well in keeping us in contact with family and friends, also remains as the one continuous tool that maintains almost constant communication with coworkers and the expectation of almost immediate responses.

We know that around the Memorial Day weekend, children will be out of school and parents will be seeking assorted ways of providing a safe environment. Many children attend summer camp, group travels, visit grandparents, or attend specialized classes. Sending a child to a camp in many ways provides parents with a vacation while remaining at home. I know that I will manage to take some time away from the office, no longer need to worry what we can do with our children but will have the ability to spend additional time with family. On those days or weekends that we cannot travel to visit our family, we anticipate finding the time to relax on the water. Sailing allows one to concentrate on the movement of clouds and wind, and has the magical ability to erase the tensions of the world.

I hope that you will find the time to re-group, re-coupe or relax and enjoy the opportunity to re-focus on the direction you chose to head.

Michael Linn

## PRESIDENT'S DESK

Sholom. Spring transitions to summer quickly in North Texas. It's a time of rapid change in the weather and at the synagogue. My best wishes to everyone.

Congratulations to all CAS students for completing a great year at our Learning and Engagement Center (LEC) and those completing the Confirmation program. I also want to send my best wishes to all students graduating at all levels: high school, college and graduate school. Well done students, parents and teachers!

I am very optimistic about the future of CAS. I look forward to working with a new set of Board members and officers. During the 2019-2020 term, we plan to roll-out significantly more programs designed to meet the wide range of interests of our members. Our long-term calendar will include a good balance of events that meet the needs of our current membership and attract new families. Some programs will be free while others will be designed to raise funds. Some will be educational, some will be pure fun. Lots of volunteer opportunities will be available.

During the next few months, it is likely that you will receive one or more phone calls from synagogue volunteers. We will not be selling new roofs, health insurance policies or asking your preferences for federal election candidates. We want your opinion on our current operations and our future. We will also invite you to celebrate simchas at the synagogue and join us at services for yahrzeits. We need your input and participation.

Construction of the new elementary school has begun. This is very exciting and may result in several new, positive opportunities. Acutely, the construction will create challenges for our members and visitors. Please look out for changes in the parking lot: new traffic patterns and limited parking spaces. We are actively working with the FWISD, the construction contractors and our neighbors to protect our property and meet the needs of our members. The project is targeted to be completed in one year. I request your patience and understanding.

Regarding our own Building Project, a Request for Qualifications (RFQ) is being developed seeking architectural firms with the expertise needed to develop plans for a new building or major renovation. As stated last month, the input received from current congregants in 2017 and 2018 will be an important element in our planning. We must also think about new members and our long-term plans.

As always, your ideas and questions are welcome. Let me hear from you.

Jerry Stein  
CAS President

## High Holiday Honors

The High Holidays for 2019 (5779) are rapidly approaching and require a great deal of preparation and coordination. If you would like to have a High Holiday Honor during Rosh Hashanah or Yom Kippur please contact the Ritual Committee Co-Chairs Ben Herman (benh@comarkdirect.com) or Dr. Harold Malofsky (footman@flash.net) or the CAS Office (info@ahavathsholom.org).

If you have any special needs regarding the Honor, please contact either Ritual Committee Co-Chair Ben Herman (benh@comarkdirect.com) or Dr. Harold Malofsky (footman@flash.net).

Although it is not required, any monetary contribution or volunteer service you would like to perform for the synagogue would be appreciated.

B'Shalom,  
Congregation Ahavath Sholom Ritual Committee

**Dr. Julian Haber will soon begin work on Volume 3 of *They Were Soldiers in Peace and War*.** These are his areas of focus:

- ◆ Veterans who were not covered in Vol. 1 or 2. Even a relative's interesting experiences in the military from WWII and onward, and/or pictures would also be helpful as would soldiers currently serving.
- ◆ Allied veterans: Israel, England, France, etc. - Dr. Haber is looking for Jewish persons that served in the old Soviet Union Army for a prospective of how they were treated as a Jewish person in the armed forces.
- ◆ An additional section will be letters to the home front for the time period of WWI forward.
- ◆ All these veterans may have served in peacetime or in war.

Please contact Dr. Haber, or call the shul office at 817-731-4721.

## \*\*\*\*\*NOTICE\*\*\*\*\*

The FWISD will begin demolition of part of the parking lot the last week of May. It is possible that the entrance of the parking lot will be relocated to the same driveway as the exit. Caution is advised.

There will also be a fence erected in the middle of the parking lot, reducing the number of spaces that will be available. Again, caution is advised.

Parking in the Fire Lane next to the building is not permitted and will result in vehicles being towed. Street parking on Briarhaven is permitted.

### FORT WORTH AND TARRANT COUNTY JEWISH FAMILY SERVICES

Jewish Family Services of Fort Worth and Tarrant County has many services available for your congregants. One extremely helpful service is no cost transportation to medical appointments.

This service has been very successful in helping community members go to physical therapy appointments, doctor appointments, and surgery centers. The service is available, free of charge, for persons without need for a special mobility device as well as those who use mobility devices such as a walker or a motorized wheelchair.

If you would like to register to participate, please contact Lynell Bond, case manager, at 817-823-0476. Once you have enrolled in the program, you will need to schedule appointments at least 48 hours in advance.

We want everyone in our community to know about the transportation to medical appointments so they can participate if needed. Please encourage your congregants to take advantage of this wonderful service. Also, Lynell Bond is happy to help you with any questions you may have about services that may be available to help you.

# Archives

Can you help the Archives identify anyone or anything about this group photo taken in the 1960's at a Regional BBYO conference in Fort Worth?

Rabbi Isadore Garsek is standing in the front row on the far left. Teenagers hold up bumper stickers that say, "Israel Peace."

There is Hebrew writing on many t-shirts.

If you have any information, please email Hollace Weiner at [hollaceava@gmail.com](mailto:hollaceava@gmail.com).

Thank you.
