FROM OUR RABBI

I once read a quote that spoke about waking up in the morning, “No matter how terrible my dreams, I’m always happy when I wake

up.” Undoubtedly, waking up is a good thing - it opens up before us an infinite amount of possibilities for the day ahead.

If this is true about waking up physically, shouldn’t the same will be true about waking up spiritually even when we’re tired? There are times in our life where events cause us to doubt, question and even become angry. However, the question that confronts us at these times is, “Are we going to give into these feelings or are we going to take the path towards a renewed relationship with God and our inner selves?” While giving up may be easier at times, moving forward and engaging in an inner dialogue with God and ourselves, is what in the end brings peace to our souls and bodies.

The prophet Job when dealing with the multitude of adversities surrounding him remained steadfast in his faith and said, “Who has put wisdom in the inward parts or given understanding to the mind?” (Job 38:36) The answer is of course God! So let us use the example of the prophet Job in order to find within ourselves the power to awaken to the light of our spiritual selves so that in the end we can enjoy a full life, while at the same time serving as an inspiration to others going through these same feelings.

The question that follows this is, “How do we know what matters and lays in front of us so that we can live a full life and help others do the same?”

However, is figuring out what lays ahead of us truly what’s important? According to Ralph Waldo Emerson it is not, for “What lies behind us and what lies before us are tiny matters compared to what lies within us.” In other words, our paths are not laid out in front of us, rather they are constructed by the “matters” within us.

Consequently, instead of looking outwards towards unknown horizons we should be looking inwards towards our untapped “matter.” For within ourselves we will find the answers to what lays in front of us along life’s journey, but with what perspectives do we view and live our lives within? I believe that the story below can help us answer this question.

“It was said of Reb Simcha Bunem of Pershyscha that he carried two slips of paper, one in each pocket. On one he wrote: Bishvili nivra ha-olam “for my sake the world was created.” On the other he wrote: “V’anokhi afar v’efer” “I am but dust and ashes.” Reb Simcha would take out each slip of paper as necessary, as a reminder to himself.” However, I would like to offer a third piece of paper, and that is, we were all created to make the world a better place and within this effort we must remember that we are no better than anyone else. Thereby the “matter” that we must find, is one that makes our life matter, while at the same time inspiring others to find the “matter” within themselves in order for their lives to matter as well.

May we all have a meaningful and matter filled month ahead.

B’shalom and Friendship,

Rabbi Andrew Bloom

FROM OUR EXECUTIVE DIRECTOR

Many people have the belief that synagogue life slows down during the summer months when vacations are usually taken. What occurs on Shabbat during the summer is the same for every shabbat, except that the Torah portions change weekly, so Shabbat remains the same all year. It may be a time for synagogue

personnel to slow down just a bit, as school is not in session. However, planning for the upcoming fiscal year is in the back of our minds and the planning for the High Holy Days is in full swing. Security procedures are reviewed, police coverage arranged and this year we are faced with a parking challenge as we do lose the open field and some of our parking lot. Pastor Chris Freeland of Doxology Church has offered the use of their parking lot, as has Pastor Chris Mesa at Arborlawn United Methodist Church and we also have permission to park at The Church in Fort Worth on Briarhaven.

We have started making many improvements at the cemetery. Our landscaper is involved with everything from clearing the fence line, planting grass where needed and trimming trees. You will also see that we have started filling the holes and are beginning repairs to the irrigation system. Should you see something that needs to be addressed, please don't hesitate to call us and let us know of your concern.

It is warmer and the weather is unpredictable, but the days are longer and that gives me a chance to play. I find that unless it is terribly hot, it is a good time to work on an old car as there is always something that needs adjustment or repair, or on a boat, cleaning, changing lines, or chasing the wind. There is always something to be done with the garden and the lawn, planting or transplanting, mowing, edging or trying to keep up with my neighbor, a Master Gardner. The warmer weather seems to beckon my neighbors, getting them outside to work is also a great time to interfere with their labors and 'visit.' I am an outdoors person and except for the heat, enjoy being outside.

As noted earlier, Shabbat does not change. Our service is the same from week to week. We serve kiddush however, we try not to repeat each week. Many of our members are routinely here for Shabbat. It is always nice to welcome new faces, new members and longtime members that for many reasons have not been able to attend services on Shabbat. Shabbat is a day of rest, a time to catch one's breath, to sit and think, and to sit and pray. Join us for a Shabbat service, spend some time, eat some lunch and enjoy conversations with your extended family.

Michael Linn

PRESIDENT'S DESK

Sholom. Every day offers the opportunity to make significant changes and do things better. With the installation of the new Board and the start of my second year as President, I want to share with you several changes I am making and the rationale for these decisions. These changes are described in a separate column printed on the following page (page 4) in this month's Bulletin. Our goal is improved quality, speed, compassion and service to members.

- We are very excited about the installation of the new Board. The first Executive Committee meeting and the first Board meeting occurred in June. Committee chairs have been announced and members are being recruited. Defining our mission, goals and operating rules is the first order of business. When this foundation is set, excellent programming and operations will follow.
- We are working with an excellent candidate for our vacant Cantor position. I hope to announce a hiring decision in the next few weeks.
- For the 2019-2020 school year, Rivka Marco (Education Committee Chair) and Rebecca Isgur (Volunteer Extraordinaire) will continue to lead the Learning and Engagement Center (LEC) program along with our phenomenal Education Committee and faculty. Our faculty will be attending the annual ISJL training meeting in Mississippi in late June to share our successes and enhance their skills.
- Regarding our building construction project, responses are being received from architectural firms to our Request for Qualifications (RFQ). Our "Building Exploratory Committee" will be reviewing these proposals and sharing its findings with the congregation. In parallel, we are analyzing our finances to help decide what we can afford to build or renovate and what is necessary for long-term maintenance.
- In June, the official ground breaking occurred for the Overton Park Elementary School. The big construction trailer is in place. Several trees will be moved and the garden fence disassembled and stored. Please look out for changes in the parking lot: new traffic patterns and limited parking spaces. The project is targeted to be completed in one year. I request your patience and understanding.

As always, your ideas and questions are welcome. Let me hear from you.

PRESIDENT'S DESK OPERATIONAL IMPROVEMENTS

I want to announce several changes being implemented and the rationale for these decisions. These changes are designed to positively improve how we – volunteers, staff and clergy – make decisions and how fast actions are implemented. Our goals are quality, speed and compassion.

- Meetings of the Board of Directors have been much too long. We have had many endless, unfocused discussions resulting in frustration and inaction. Three interrelated changes are being implemented. First, participation in Board discussions will be limited to Board members. Each meeting will have a dedicated time for guest comments. The Chair will have discretion to invite the comments of guest speakers and some experts. Second, Board agendas will be set in advance and followed. The ability to properly prepare will yield much better outcomes. The deadline for receipt of reports from committees, staff and clergy is 10 days before each Board meeting. These brief, written reports will be posted electronically and issues requiring Board attention highlighted. Individual Board members and congregants are invited to submit agenda topics 10 days in advance of Board meetings. Thirdly, the topics addressed at each meeting will be limited to the printed agenda unless of immediate urgency. Other items will be tabled until the next meeting in order to allow for proper preparation.
- We need to strengthen our Committee system. While some committees are operating flawlessly, other committees need significant improvement. Too often, committee meetings are not focused. Too many good ideas are developed but not implemented. Beginning in July, one Executive Committee member will be assigned to each committee to provide guidance to the committee chair and facilitate coordination with CAS staff and other committees. The structure, mission, scope and function of each committee will be better defined. Just like the Board meetings, participation in committee meeting discussions will be limited to committee members. Guests will have a dedicated time to speak and/or will be called on to speak at the discretion of the chair. Committee meetings will be open unless stated otherwise prior to the meeting.
- The By-Law Committee has recommended several changes designed to improve efficiency and better meet the needs of the congregation. Congregational input is being solicited and is very welcome. A congregational vote on the final proposals will be scheduled in July or August.

Your support for all these process changes is appreciated. Thank you.

High Holiday Honors

The High Holidays for 2019 (5779) are rapidly approaching and require a great deal of preparation and coordination. If you would like to have a High Holiday Honor during Rosh Hashanah or Yom Kippur please contact the Ritual Committee Co-Chairs Ben Herman (benh@comarkdirect.com) or Dr. Harold Malofsky (footman@flash.net) or the CAS Office (info@ahavathsholom.org).

If you have any special needs regarding the Honor, please contact either Ritual Committee Co-Chair Ben Herman (benh@comarkdirect.com) or Dr. Harold Malofsky (footman@flash.net).

Although it is not required, any monetary contribution or volunteer service you would like to perform for the synagogue would be appreciated.

B'Shalom,
Congregation Ahavath Sholom Ritual Committee

Dr. Julian Haber will soon begin work on Volume 3 of *They Were Soldiers in Peace and War*. These are his areas of focus:

- ♦ Veterans who were not covered in Vol. 1 or 2. Even a relative's interesting experiences in the military from WWII and onward, and/or pictures would also be helpful as would soldiers currently serving.
- ♦ Allied veterans: Israel, England, France, etc. - Dr. Haber is looking for Jewish persons that served in the old Soviet Union Army for a prospective of how they were treated as a Jewish person in the armed forces.
- ♦ An additional section will be letters to the home front for the time period of WWI forward.
- ♦ All these veterans may have served in peacetime or in war.

Please contact Dr. Haber, or call the shul office at 817-731-4721.

*****NOTICE*****

The FWISD is preparing for demolition of part of the parking lot. It is possible that the entrance of the parking lot will be relocated to the same driveway as the exit. Caution is advised.

There will also be a fence erected in the middle of the parking lot, reducing the number of available spaces. Again, caution is advised.

Parking in the Fire Lane next to the building is NOT permitted and will result in vehicles being towed. Street parking on Briarhaven is permitted.

FORT WORTH AND TARRANT COUNTY JEWISH FAMILY SERVICES

Jewish Family Services of Fort Worth and Tarrant County has many services available for your congregants. One extremely helpful service is no cost transportation to medical appointments.

This service has been very successful in helping community members go to physical therapy appointments, doctor appointments, and surgery centers. The service is available, free of charge, for persons without need for a special mobility device as well as those who use mobility devices such as a walker or a motorized wheelchair.

If you would like to register to participate, please contact Lynell Bond, case manager, at 817-823-0476. Once you have enrolled in the program, you will need to schedule appointments at least 48 hours in advance.

We want everyone in our community to know about the transportation to medical appointments so they can participate if needed. Please encourage your congregants to take advantage of this wonderful service. Also, Lynell Bond is happy to help you with any questions you may have about services that may be available to help you.

Gone, But Not Forgotten

Dear Community,

We are in the process of finishing the writing portion of the third volume of They Were Soldiers in Peace and War. One section is called, "Gone, but not forgotten." These are men and women who passed away and were not covered in our previous books (see list below).

We are having a hard time finding the following information: what branch or where they served, the years or era, their rank, what their job was or what their units did. We ask your assistance in this matter. Any information would be helpful. Even a couple of lines would aid us in recording these histories. Once you email us, we can call you for additional information, if you wish.
